

FCC Commissioners
The Federal Communications Commission RE: Docket 04-435
445 12th Street, SW
Washington, DC 20554

Dear FCC Commissioners ,

I am writing to voice my concerns about the FCC's proposal to relax the restrictions on the use of cell phones on airplanes in flight.

There is no hard evidence that cell phone use doesn't interfere with navigational instruments. The introduction of cell phone use in the cabin will not only increase tension among passengers, it will compromise flight attendants' ability to maintain order in an emergency. Cell phone use could also enable terrorists to coordinate a plan of action more effectively.

Please leave the current rules in effect.

It's bad enough that I have the luck to always sit next to a screaming baby or terribly behaved toddler whose parents don't believe in making a child mind! Now I will also be forced to listen to some dim-witted jerk blab incessantly about nothing while trying to relax on a plane.

Thanks so much for your compassionate conservatism!

Sincerely,

Charles Mize
